

**Mr. Kyle Jones**  
***Chair & Associate***  
***Professor of Sinclair's***  
***Computer Information***  
***Services Department***

Kyle worked in the IT field for over 15 years before coming to education. Mr. Jones holds a CompTIA Strata, A+, Network+, Security+ certification as well as ITIL

Foundations. He holds an

Associates in Network Engineering from Southern State, a Bachelor's of Business from Wilmington College, and a Master's degree in Information Assurance and Security from American Public University. He has also studied for a post masters certificate in Cyber Intelligence at Chicago State University. He is a CAE2Y Principal Investigator and serves as the coordination and the curriculum specialist for Sinclair's CIS 2640 Network Security class. In 2017 he was awarded the SOCHE Faculty Excellence Award, and in 2019 he was recently awarded the International Chair Academy Exemplary Leadership Award. Also, Mr. Jones has been featured as a public speaker on cybersecurity topics and has spoken at many conferences. Most recently he participated in a roundtable discussion hosted by the Dayton Business Journal on the present landscape of cybersecurity, and he was featured on WDTN Dayton-Channel 2 in a vignette about "Good Cyber Hygiene." His previous work experience ranges from working for small PC repair shops to Fortune 500 Datacenters.
